

ERGO is a new concept of chair or bench for public and private spaces, designed to facilitate getting up or sitting effortlessly and comfortably, ideal for people with reduced mobility.

ADVANTAGES:

Space. Can be installed single or bench type (modular/kit).

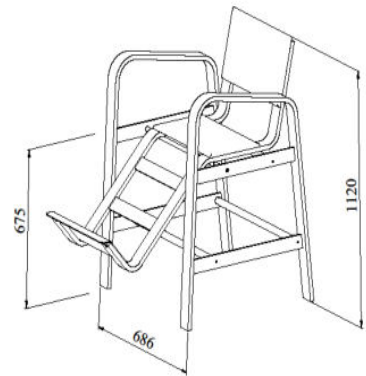

Security. It facilitates the movement of getting up and sitting (has 2 armrests for comfort).

Maintenance. Not required.

Easy and practical. Simple use ideal for any public or private space.

FEATURES:

- Material.** Steel (wooden seat (technical or a finishing election).
- Finishing.** Coated with 2 layers: 1st epoxy paint (equal to hot-dip galvanization) and 2nd polyester paint (QUALICOAT – the special for outdoor use). Customize colors.
- Installation.** Support screw-mounted to the floor (mechanical anchorage).

Extendable to the desired length

Operation Detail: Easy to sit and get up effortlessly.
